

Our Vision

People have access to meaningful, personalised, affordable support that enables them to live life to the full with as much independence and choice as possible.

Our Mission is...

To deliver high quality Shared Lives and other related support services that focus on the sharing of home and family life and being an active member of the local community.

Our values

- ✓ The needs and wishes of people who use our services are at the heart of the work we do.
- ✓ Our Shared Lives carers are the greatest asset we have as an organisation.
- ✓ People with disabilities or support needs have an equal right to live a full and happy life.
- ✓ All people have strengths and abilities and can make a contribution and enrich the lives of others.
- ✓ It is possible to make positive differences in the lives of people with disabilities, no matter how severe that disability may be.
- ✓ You don't have to live alone in order to be independent.
- ✓ We are professional but friendly and think that fun, love and laughter are important in our organisation and in the services we provide.
- ✓ The size of the organisation should never compromise the quality of our services.
